

# Industrial Heavy Duty Floor Tiles

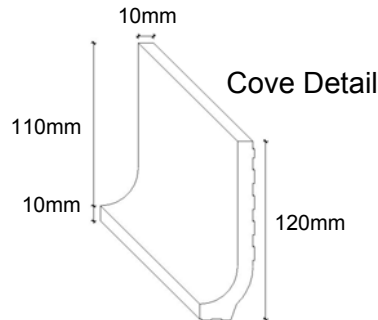

**Metz Industrial or “Klinker”** tiles are acid resistant, heavy-duty tiles manufactured to provide long-term wear and chemical resistant floors. Klinker tiles are either extruded or pressed manufacture with both types offering their own advantages. Metz Extruded Klinker are very heavy duty with keyed profile backs for excellent adhesion, strength and value. Metz Pressed Klinker tiles are precision made heavy-duty tiles where a premium presentation commercial floor is required not only to perform but also look great for many years.

## Metz Extruded Klinker Range

**Features:**

- 250x125mm format
- R11 Slip Resistance
- Dovetail Key rear profile
- Matching Coves

## Metz Pressed Klinker Range
