

EUROPAVE®

INDUSTRIAL FLOOR TILES

DESCRIPTION:

Metz Europave tiles are acid resistant, heavy duty ceramic tiles manufactured to provide chemical and wear resistant floors for commercial kitchens, food and chemical plants and many other industrial and commercial areas.

FEATURES AND BENEFITS:

- **Chemical Resistant**
Resistant to most acids (except hydrofluoric), alkalis, solvents, oils, fats and cleaning solutions.
- **Hygienic**
Good resistance to penetration of greases, fats and other food waste. Easy to clean.
Matching coved skirting piece available for use at Floor Wall junction.
- **Safety**
Good slip resistance when tested in accordance with AS/NZS 4586-2004. For extra slip resistance, abrasive surface available.
- **Durable**
Proven performance when used with METZ quality chemical resistant membranes, bedding, grouting and movement jointing products.

RECOMMENDED:

- Food and beverage manufacturing and processing areas, including:
 - Dairy Product Processing
 - Meat and Poultry Plants
 - Confectionery Plants
 - Soft Drink Plants
 - Breweries
 - Wineries
- Commercial Kitchens
- Chemical and Petrochemical Plants
- Wear Resistant Linings
- Industrial Plants
- Slip Resistant and Heavy Duty Commercial Areas

TECHNICAL SPECIFICATIONS:

METZ Europave is available in the formats below:

<i>Colours :</i>	Red and Straw
<i>Finishes:</i>	Plain or Abrasive Finish
<i>Nominal Size:</i>	240 x 117 mm
<i>Supply:</i>	34 pieces per m ²
<i>Thickness Available:</i>	15, 20 and 25 mm
<i>Cove:</i>	240 x 105 mm effective height, radius 25 mm as required by food authorities

Note: All format combinations are available for major projects. Check with your Metz representative for standard stock items for smaller jobs.

SLIP RESISTANCE:

Testing of new tiles produced the following results:

AS/NZS 4586-2004 Wet Pendulum Test	
Plain surface:	Class W
Abrasive Surface:	Class V

AS/NZS 4586-2004 Oil Wet Ramp Test	
Plain surface:	R11
Abrasive Surface:	R13

Designers should refer to HB:197 "An Introductory Guide to Slip Resistance of Pedestrian Surface Materials" for assistance with specifying flooring materials.
